PLASTI-PLY concrete and brick **Paver Pallets** are the ideal choice for forming concrete blocks and pavers. Compatible with all types of dedicated block and paver machines, **PLASTI-PLY Pallets** are available in a wide range of overlay thickness and size. Our pallets are manufactured with a premium plywood core that is permanently bonded to an exceptionally dense polyethylene overlay. **PLASTI-PLY Pallets** are an excellent alternative to traditional steel or plastic pallets with these advantages:

- High Abrasion resistance
- Overlay is colorfast and chemically inert
- Pallets require no misting or special care
- Superior strength versus weight of pallet
- Fast cycle times
- Excellent vibration characteristics
- Completely recyclable
- Lightweight, easy to handle
- Backed with Poly Tech warranty
- Cost effective compared to steel pallets

Poly-Tech is your *one source* manufacturer of paver pallets and specialty overlaid panels. We offer on-going support, short lead times, and innovative solutions to your production needs. For more information on our complete product line, please contact **Poly-Tech Overlays, Inc.** or visit our website at www.plytrimwest.com.
